

20 x 20 in. (50.8 x 50.8 cm)

New Fraction #165

Date

2003

Primary Maker

Larry Bell

Medium

mixed media on watercolor paper

Description

This larger newer addition to the Fraction Series has pink cloudy forms on the mid right collage. The form beneath is dark with a wide white horizontal shape beneath. There are pink and yellow spatter circles on the left outside the larger form. The image was made from recycled work sand laminated together under heat and vacuum creating spontaneous images through the chemistry of the components.
