

Torso

Date

1978 negative, (1985) print

Primary Maker

Ron Cooper

Medium

gelatin silver print mounted on aluminum

Description

Exploring light, reflection and transparency this large-scale gelatin print depicts the torso of a female viewed sideways. It is a classical pose seen from the thighs to the neck. The arms are truncated. The image is moving and light against a black grid. The outline of the grid when visible is white.

Dimensions

48" H x 48 " W
