

Basic Detail Report

Land of Space

Date

1982

Primary Maker

Gene Kloss

Medium

Etching, drypoint and aquatint

Description

The center of Land of Space is dominated by a large freestanding mesa (table topped) mountain, similar to Black Mesa, near Abiquiu, New Mexico. The structure is framed with light. Dark tonal shades capture the space behind. The plain below is light and a tiny figure is visible in the center foreground.

Dimensions

sight: 6 x 14 7/8 in. (15.2 x 37.8 cm)
