

Irish Ocher

Date
1989

Primary Maker
Kevin Cannon

Medium
painted leather

Description
The spiraling shape of this geometric sculpture begins at a large 7.5" x 7.5" base and ascends to the 1.5 x 2.5" top. Though the material is leather, polished and tinted, it could be stone or ceramic; its surface is so deceptive. The craftsmanship is meticulous.

Dimensions
11"H x 8.5" W x 8
