

"Ships Slipper" or "Slipper Ship"

Date

1983

Primary Maker

Kevin Cannon

Medium

painted and dyed leather

Description

A geometric form composed of three elements; two of which are screwed together, the sculpture is created out of painted leather.

The lower burgundy element fits into the bottom checked (bronze, burgundy and silver) upper portion. This then forms a box. The curved geometric element attached on top is burgundy with striped grey, bronze and burgundy along one side.

Dimensions

5 1/4" x 6 3/4" x 5" D
