

## Gold Red Window

**Date**

1997

**Primary Maker**

Eric Orr

**Medium**

lead, gold, blood ( the artist's)

**Description**

The subject property is a double paned vertical window with sill carved in wood, painted with gold. A half-inch border around the window is painted with the artist's blood. The 2 inch fitted wood edge surrounding the window is painted a gunmetal tone.

Concerned with perceptual experience the work invites the viewer to consider ones awareness of the space instead of the object itself.
