

## Tequila Cup

### Date

c. 1970-1980's

### Primary Maker

Ken Price

### Medium

ceramic

### Description

During the early seventies Price created a series of Tequila cups which were also used to test glazes. Price frequently gave them to houseguests and friends. There was also a part of the exhibition "Happy's Curios" The subject cup is a matte brown surface interior and exterior. The lip has a green band which drips onto a glazed encircled repeating snake pattern.
